Hello

Thank You for your brochure request. Safeway Stair manufactures oak spiral staircases which ship around the world. Our spiral staircases are made purely of Appalachian Red Oak and are manufactured in Stoneham, MA where we cordially invite you visit our facility.

Enclosed you will find our company brochure and an order form. At our web site you can also read customer testimonials and view a gallery of spiral installations.

Our spiral staircases are built to your height and diameter requirements and are sold unfinished, which means you must stain and polyurethane it. Spiral orders can be picked up fully assembled at our dockside. Mail-order customers receive four containers at their home. Assembly time is several hours and easy-to-read installation instructions are included. Most orders are shipped within 15 days.

[New for 2005! Enjoy your spiral staircase at night with the optional Cathedral light!](#)

Building codes, as they apply to stairways, vary depending on your location. It is important to inform Safeway Stair of any special stair code requirements of your locale.

ALL OF OUR SPIRALS HAVE THE FOLLOWING

- A tread depth of 8" (20.32 cm) measured 12" (30.48 cm) from narrow end
- baluster spacing 4" (10.16 cm) or less
- 5 foot (1.6764 meters) diameter spirals and larger have a minimum tread width of 26" (66.04 cm) or greater and can be used as a ***primary stair***.

Safeway spirals are unconditionally guaranteed for workmanship and materials. Your satisfaction is guaranteed or a full refund will be issued.

Kind Regards,

Ray Gregoire
